

Procedure for Application for Registration as RFPE Singapore

- a) An ACPE (from a ASEAN member state) and a local PE agrees to collaborate.
- b) ACPE applies to Accounting and Corporate Regulatory Authority (ACRA) for registration as sole proprietor. ACRA issues Unique Entity Number (UEN) and registration document.
- c) ACPE applies to PEB for registration as RFPE with UEN and collaboration letter with local PE. PEB issues registration letter as RFPE.
- d) RFPE applies to Ministry of Manpower (MOM) for employment pass with UEN and RFPE registration letter. MOM issues employment pass.
- e) PEB publishes list of RFPE on its website

Finding a PE

Under the PE Act, a person who engages in any of the prescribed branches of professional engineering work in Singapore, namely, civil, electrical, mechanical, or geotechnical engineering, shall be a registered professional engineer who has in force a practising certificate, or someone working under the direction or supervision of a registered professional engineer who has in force a practising certificate.

Similarly, a person who supplies or offers to supply professional engineering services in any of the prescribed branches of professional engineering work in Singapore shall be a registered professional engineer who has in force a practising certificate practicing as a sole proprietor or as a partner in a licensed partnership, licensed limited liability partnership or partnership consisting wholly of registered professional engineers; or an allied professional who is a partner in a licensed partnership or limited liability partnership; or a licensed corporation or limited liability partnership.
